

Exhibits You Should See at the Fair

(Photo by Foster.)

WESTMORELAND CANDY COMPANY.

One of the most beautiful apartments in it is that of the Westmoreland Candy Company, a Richmond enterprise. The company has a large space near to the very centre of the Industrial Building. The "Charmian Chocolates" is made a feature; the "Peanut Crisps" go like hot cakes at 5 cents. A half a dozen bright young men are in charge of this splendid exhibit, and they are not failing to let the thousands of visitors know that Richmond is a candy-making town par excellence. These young men want to see all of the visiting merchants at their booth in the Industrial Building.

When You Are in the Industrial Building You MUST See the DUNLOP FLOUR EXHIBIT.

Every woman should get a potato roaster, with the chance to win twelve pounds of Dunlop Flour—a drawing every hour. The lucky number wins it. But THAT'S not all—they are going to pay \$5 for the best loaf of bread baked with Dunlop Flour; also for the best pan of biscuits.

You Must Not Miss This.

Motorists Find the Displays of the OVERLAND MOST INTERESTING!

There is the new Overland Model 75-T—the car that is setting the pace for the season in real car luxury and service at the price of \$950.

Immediately adjoining is the Garford Motor Truck, the truck that is making good with the biggest commercial car users, such as the Texas Oil Company, who alone use forty-eight Garfords.

DON'T FAIL TO STOP AND GET LITERATURE.

Here you see the Chalmers' Headquarters—the Exhibit of Eastern Motor Sales Corporation—and the centre of interest is decidedly the 1914 CHALMERS, NO. 2175.

a thoroughbred among cars, with electric lights, Chalmers Electric Starter, left-hand drive, centre control, visible sidelights and noninstallable motor. Ask to see it...

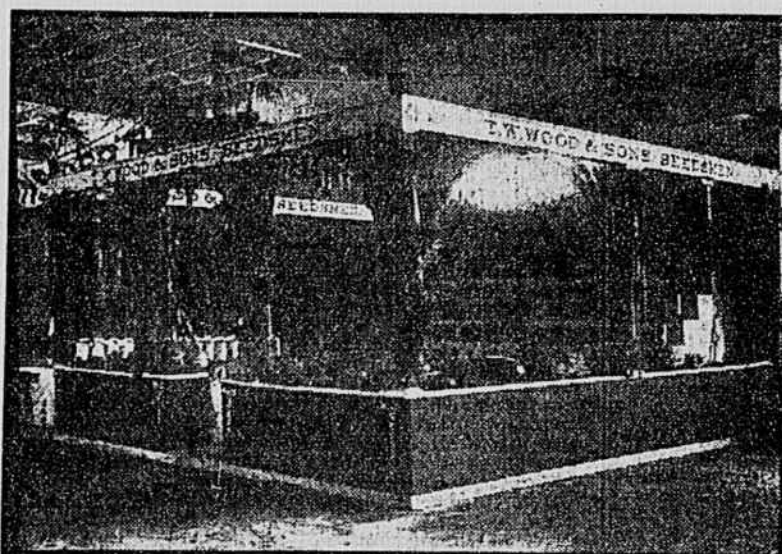

(Photo by Foster.)

Above is the original display prepared by A. S. B. James to bring before the housewives of Richmond that peer of superlative flours—

SEAL OF MINNESOTA.

Every hour there will be a drawing, at which a bag of this celebrated flour will be given away free. The woman who misses this drawing may miss a bag of flour—but the woman who fails to get acquainted with Seal of Minnesota misses a lifetime of delicious bread, cakes, biscuits, etc.

Any one who is interested at all in agriculture, or who enjoys seeing something out of the ordinary, should not leave the Fair Grounds without seeing

T. W. WOOD'S GRAIN AND SEED EXHIBIT.

They have on display over 250 varieties of grass and grain; also specimens of the crops raised from Wood's Seeds. Don't miss it. It's an education in itself.

(Photo by Foster.)

If there is a display of supreme interest to housewives, it is this display of the

FRANKLIN SUGAR REFINERY.

In addition to the tasty arrangements of cartons of this superior cane sugar, there are exhibits showing the various stages of making the finest and purest sugar made. In every portion of the refining the most sanitary methods are used, and the carton contains the net weight marked on the package.

FREE SAMPLES—SUGAR GIVEN AWAY—DRAWINGS DAILY.

This handsome demonstration booth is the magnet that seems to attract thousands of musically inclined folks visiting the State Fair. It should be a source of great pride to the people of Richmond, as well as to

THE CORLEY COMPANY.

"The House That Made Richmond Musical."

Daily Concerts of Piano, Inner-Player and Victrola Music.

Here's the Display That Proves Beyond Doubt That You Can Produce BIGGER CROPS WITH VIRGINIA-CAROLINA FERTILIZERS.

There are samples of corn, tobacco, potatoes and other crops that do the farmer's heart good. There are interesting exhibits of pyrites from Louisiana County and from Spain; potash from their mines in Germany; cotton seed from the South; nitrate of soda from Chile; blood tankage and bone from the Western slaughter-houses; fish scrap from the Eastern Coast—

All the Very Best Materials for Making a Good Fertilizer.

What Will Catch the Keenest Attention of Motorists Is the 1914 CADILLAC

shown at the handsome display space of the Jones Motor Car Company. Two years ago the Cadillac introduced the electric self-starter; others followed. This year they set the pace with the greatest innovation to-day—

THE TWO-SPEED REAR AXLE.

Ask About It.

AN INTERESTING EXHIBIT.

When you go to the Fair don't fail to see the interesting and attractive exhibit of The Commercial Co-Operative Company, Manufacturers' Agents, Household and Office Specialties.

They have a great many new and interesting office and household appliances of which you have never heard before.

REGISTER AND GET A SOUVENIR.

GUVENATOR'S.

The first thing you see when you enter the Fair Grounds is Guvenator's Dining-Room—large and commodious, ready to serve you at any time of day, with the best things to eat. The place all the association officials patronize.
